# THE 1959 HORNET

PUBLISHED  
BY THE STUDENTS OF  
HERNDON HIGH SCHOOL  
HERNDON, VIRGINIA.

# DEDICATION

MR. KARL B. MEYER

We, the staff of the 1959 Hornet, as a token of our appreciation for his devotion of both time and energy, dedicate this yearbook to our sponsor, Mr. Karl Meyer. Not only do we recognize his excellence as a Spanish and Core teacher, but as an advisor and source of inspiration to those who produced this book.

# FOREWORD

These hands are reminders of the deep and lasting friendships formed within these walls. These friendships have brightened dark days and served as sources of strength to achieve the goals which we have set for ourselves. Let us, then, wander hand in hand in memory as we turn the pages of this, our memory book.

# HORNET

The staff, though few in number, has worked many long hours in bringing you its final product - the 1959 Hornet. Although it meant giving up other activities, talking for an hour and then not selling an ad, or perhaps giving up part of lunch hour to capture an important snap for the scatter pages, all will agree that it has been well worth the effort and time spent.

Let's see - does a hornet have six legs or eight?

"Books, books, and more books!" This is the familiar exclamation of the hard-working members of the Library Club. These enterprising students sacrifice study halls, lunch hours, and free time to learn more about books and the functions of the library. The assistant librarians are always seen at the library desk busily checking books in and out. Meetings are devoted to book reviews, speeches by current authors, and of course book repair.

Many students have found their feet beating out the lively tunes played by the Dance Band. This organization of the more talented and energetic musicians of the school has entertained us at assemblies and accompanied our dancing at such events as the annual Christmas Ball.

One of the special interests classes which is offered in our school is Chorus. Members of this class are girls with great interest in music and above average ability. They present concerts in co-operation with Band and Glee Club and numbers at many assemblies.

Students who are interested in singing but are unable to devote class time to it, have formed a Glee Club which meets twice a month after school. This club joins with the other musical organizations in presenting concerts.
